

Nuria

ARMREST / SIDES

Metal Parts with thermohardened epoxy powder coating, 70-80 microns, and antirusting treatment. Middle and end of row armrest of varnished plywood.

BACKS

Metal structure made of electro-welded steel plate and tube with continuous arc. System by spring steel elastic zig-zag. Ergonomic backrest cushion in cold-molded polyurethane foam, high density. Fire-proof Trevira CS fabric. Texture, design and colors at customer choice. Backrest board in plywood, high-frequency bending and varnishing.

SEATS

Metal structure made of electro-welded steel plate and tube with continuous arc. System by spring steel elastic zig-zag. Ergonomic backrest cushion in cold-molded polyurethane foam, high density. Fire-proof Trevira CS fabric. Texture, design and colors at customer choice. Tip-up seat by double steel springs housed in self-lubricating nylon bearings, quiet and free maintenance. Certified more than 500.000 cycles.
